

Changes to Curbside Collection Program

Effective **September 3, 2018**, CUI will no longer collect bags that contain prohibited materials and/or weigh more than 25kg.

Effective October 1, 2018 the City of Calgary is increasing tipping costs from \$113 per tonne to \$180 per tonne for any deliveries to their landfills containing prohibited materials. Prohibited materials include paper, cardboard, food & yard waste and construction materials. To effectively manage disposal costs, we will be inspecting clear bags. Any clear bags that contain these materials and/or weigh more than 25kg will be tagged and will not be collected.

The City of Chestermere's Waste Management Bylaw has established a weight limit of 25kg per bag. The weight limit is in place to protect the health and safety of our workers.

How you can help:

1. Keep organic materials out of the solid waste stream to keep your program costs low.
2. Visit Sorting Central (<https://cuinc.ca/sorting-central>) to learn what goes where.
3. Be mindful of the weight of your clear garbage bags.

Thank you for your cooperation.
